

Faux Fur Wrap

Written By: Meg Allan Cole

TOOLS:

- [Lining fabric \(1\)](#)
- [Sewing machine \(1\)](#)
- [faux fur \(1\)](#)
- [heavy cotton or muslin for your pattern \(1\)](#)
- [hook & eye closure or ribbon \(1\)](#)

SUMMARY

By purchasing the nicest faux fur you can find you can create a retro, Mad Men-style wrap that is animal-friendly.

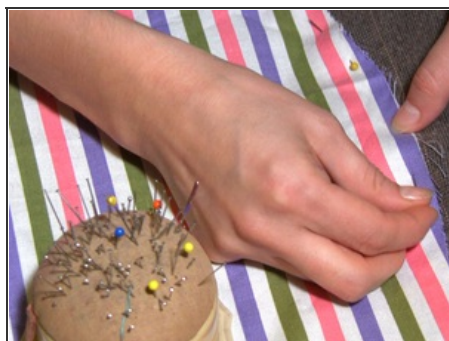

Step 1 — Faux Fur Wrap

- Take some heavy cotton or muslin to create a pattern piece, or use the one I created:

<http://blog.craftzine.com/archive/2011/1...>

Step 2

- Take your faux fur and place it with the nap of the fur facing down. Place your pattern piece on top and pin the perimeter. Cut the fur out with a utility knife.

Step 3

- Choose a lining fabric that is a heavier cotton. Pin your newly cut faux fur to your lining fabric, good sides together, and sew the perimeter leaving a 1/4" seam allowance.

Step 4

- Leave an unsewn gap and turn the piece right-side-out. Fold and pin the gap, then sew it closed.

Step 5

- Add a hook and eye closure or a nice ribbon and rock your faux fur wrap.

Using a basic sewing pattern you can create the same wrap as I did. Here is the link to the pattern: <http://blog.craftzine.com/archive/2011/1...>
